Summer 2:1 course online!

Summer 2:1 - Young Learners 10-17

Choose a Summer 2:1 course and we can match you with a student of a different nationality or first language. Your language learning partner will be carefully selected to match your age, interests and general level of English. This is an excellent opportunity to share your online lessons and to make a new friend from another country.

Lessons - only 2 students per class!

The lessons will consist of a range of all skills - reading, writing, listening, speaking, vocabulary, grammar, pronunciation, and culture. At the beginning of the course, the teacher will assess each student's level of English and requirements, and plan a unique programme of study personalised for each pair of students. Students will be assessed again at the end of the course. A full report of lesson content, achievement, and recommendations for future study will be available after the course with a certificate. LLE's high-quality online lessons are delivered with the full support of our British Council-accredited academic management team.

An excellent programme of activities

We are running a daily, mixed-nationality, group activity programme Monday to Friday, in two age categories 10 to 13 and 14 to 17, with a maximum of 8 students in each group. Each activity is two hours and we can offer a really varied and interesting programme because our teachers have so many different hobbies and skills, for example:

- learning a song with a professional singer
- baking a cake and having a 'bake-off competition'
- dance classes, yoga and fitness
- book and film clubs
- board games and quizzes
- virtual guided tours of museums, famous British landmarks, beaches, museums, country houses and castles
- project work

The full activity programme for each week will be available on booking.
